MRA Announces New Endorsed Partner – Benepay Technologies

Easily implemented, cost effective, and flexible to fit your needs

The Michigan Restaurant Association (MRA) is pleased to announce that Benepay Technologies is its newest endorsed partner. Benepay Technologies provides a unique and powerful blend of payroll, tax, HR, and benefit administration tools – all at exclusive, member-only pricing.

From small diners to multi-restaurant organizations (and everything in-between), Benepay prides itself on helping clients save time, reduce costs, and stay compliant. They can help MRA members streamline payroll and HR related tasks with a truly integrated system, as well as stay current on governmental payroll mandates through their continually updated tools. If you are currently using another payroll processing system or handling your payroll in-house, Benepay's suite of offerings are easily implemented, cost effective, and flexible to fit your needs.

MRA members will enjoy exclusive savings on services including, but not limited to:

- Full Service Payroll and Tax Administration
Dedicated local customer service, industry expertise, modern technology, and unparalleled flexibility.
- W-2 and 1099 Processing
- New Hire Reporting
- ACA Compliance
- FREE Access to HR Support Center
Available 24 hours a day, 7 days a week, the HR Support Center can act as an outsourced Human Resources department to address your specific business needs.

"We're excited to have Benepay as a new endorsed partner," said Brian DeBano, president and CEO of the MRA. "A long-time member of the MRA, Benepay is also a well-respected Michigan-based company. We are confident that our members will find value in the much needed services that Benepay provides."

Chris McMillan, Executive Vice President of Sales for Benepay Technologies, commented, "It is an honor to be selected as the MRA's endorsed partner. Restaurants are personally one of my favorite groups to work with because they understand the importance of the customer. Today, more than ever, having a trusted payroll and compliance partner will help your business thrive. We are extremely pleased to offer MRA members real savings and real value."

Benepay's inception as a payroll processing company began in 2008. Since then, they have grown to be one of the largest Michigan-based payroll firms. With offices in Byron Center and Wixom, they service all of Michigan.
